

Subject Index to Volume 180 (July-Dec. 1974)

A

- Abdominal mass in infancy, fetus-in-fetu: an unusual cause for, 80
- Abscess, subphrenic, comparison between operative and antibiotic management, 209
- Adenoma, hepatic cell; report of 4 cases, 14
- Alkalosis, metabolic, ulcer disease and hyperparathyroidism; a mechanism of interrelationship, 549
- Alloantibody, F(ab')₂, donor specific, prolonged survival of renal allografts in outbred rabbits treated with, 857
- Allografts, lung, histopathology of one-stage bilateral, 753
 - organ specificity in hyperacute rejection of canine heart-band kidney, 72
 - renal, clinical evaluation of equine antithymocyte globulin in recipients of, analysis of survival, renal function, rejection, histocompatibility and complications, 20
 - in outbred rabbits treated with donor specific F(ab')₂ antibody, prolonged survival of, 857
- Allopurinol, effect of, on the preservation of ischemic kidneys perfused with plasma or plasma substitutes, 780
- Alpha fetoprotein, and index of progression or regression of hepatoma and a target for immunotherapy, 599
- Aneurysm, repair, abdominal aortic, disseminated intravascular coagulation as a complication of, 343
 - suprarenal aortic, with autotransplantation of the kidney, resection of, 823
- Antibiotic regimen, preoperative, effect on development of infection after intestinal surgery, 567
- Antibody, serum, in patients with breast disease: correlation with histopathology, 124
- Aorta, atypical proximal coarctation of the, reconstruction by means of a heparin-coated temporary shunt bypass, 309
 - canine, healing after endarterectomy, 329
- Arrhythmias, postoperative, relationship of the coronary sinus and: correction of transposition of the great arteries, 433
- Arterial reconstruction with a modified collagen tube: a clinical experience, 144
- Artery, carotid, atypical fibro-muscular hyperplasia involving the, 136
 - great, correction of transposition of the, relationship of

- the coronary sinus and postoperative arrhythmias, 433
- human, maintenance of viable segments, in vitro, 147
- Artery pressure, pulmonary, long term monitoring in the management of the critically ill, 747
- A Saga of american surgery: the transactions of the American Surgical Association, 707
 - peritoneo-venous shunting for, 580
- Aspiration of blood and pulmonary host defense mechanisms, 236
- Autotransfusion, intraoperative, a clinical experience with, 296
- Autotransplantation of the kidney, resection of the suprarenal aortic aneurysm with, 823
- Axillary-axillary artery bypass for the correction of subclavian artery occlusive disease, 888

B

- Bacterial susceptibility, pulmonary, in the burned rat, 221
- BCG immunotherapy of malignant melanoma: summary of a seven-year experience, 635
- Bile duct, common, ectopic drainage of the, 119
- Bile in antral mucosal disruption during hemorrhagic shock, the role of, 892
- Bile production in fasted and fed primates, 356
- Blood, stored, increased oxyhemoglobin affinity after transfusion of, 760
- Bowel, small, of dogs, the effects of distention and obstruction on the accumulation of fluid in the lumen of, 791
- Budd-Chiari syndrome, new observations in the clinical spectrum of the, 368
- Burns, chemical debridement of, 670
 - reversal of capillary stasis and prevention of necrosis in, 98
- Bypass, complete left ventricular, with a paracorporeal pump, design and evaluation, 418
 - heparin-coated temporary shunt, atypical proximal coarctation of the aorta, reconstruction by means of a, 309
 - partial ileal, in management of hyperlipidemias, ten years clinical experience with, 384
 - prolonged partial venoarterial, 850

C

- Calculi, retained biliary; removal by a simple non-operative technique, 247
- Cancer, stomach, elective total gastrectomy for: end results, 252

- Capillary stasis, reversal of, and prevention of necrosis in burns, 98
- Carcinoma, burn scar, and hypercalcemia, 95
primary, of the gallbladder, 180
of the colon and rectum, perforative, 734
thyroid, arising in thyroglossal ducts, 799
- Cardiovascular depressant effect of protamine sulfate, mechanism responsible for, 232
- Catecholamines: mediator of the hypermetabolic response to thermal injury, 653
- Cellulose fibers from disposable surgical fabrics, granulomatous peritonitis due to, 831
- Chemical debridement of burns, 670
- Chemotherapy of malignant melanoma with DTIC and nitrosourea derivatives (BCNU, CCNU), 167
- Cholangiogram, operative: its interpretation, accuracy and value in association with cholecystectomy, 902
- Cholecystokinin, commercial, inhibition of Heidenhain pouch pepsin secretion by, and duodenal fat in dogs, 243
- Circulatory arrest in adult dogs, hypothermic asanguinous, 728
- Circulatory occlusion, limited, a comparative study of the effects of carbon dioxide and perfusion rewarming, during surface hypothermia, under halothane and other anesthesia, 192
- Collagen tube, modified, arterial reconstruction with, 144
- Colon and rectum, perforative carcinoma of, 734
- Colonic healing, effect of malnutrition on, 765
- Connective tissue complexes in the human, the fine structure of experimentally induced, 51
- Cytochrome a(ta₂), assay of mitochondria from liver specimens; clinical application of, 868
- Cytomegalovirus, clinical virological correlations in renal transplant recipients, 623
- Cystosarcoma phylloides, radical treatment of recurrent, 796

D

- Diets, elemental, use of to correct catabolic states prior to surgery, 9
- Disseminated intravascular coagulation as a complication of abdominal aortic aneurysm repair, 343
- Diverticula, giant sigmoid, 864

E

- Encephalopathy, portosystemic, the metabolic basis of, and the effects of selective vs. nonselective shunts, 573
- Endarterectomy, healing of the canine aorta after: a scanning electron microscopy study, 329
- Equine antithymocyte globulin, clinical evaluation of, in recipients of renal allografts, analysis of survival, renal function, rejection, histocompatibility and complications, 20
- Ergot intoxication: historical review and description of unusual clinical manifestations, 773

F

- Femoropopliteal bypass graft patency: an analysis of 156 cases, 35
- Fetus-in-fetu: an unusual cause for abdominal mass in infancy, 80
- Fistula, gastrocutaneous following radiation therapy for seminoma of the testis, 323
gastrointestinal-cutaneous, the role of surgery and hyperalimentation in therapy of, 393
- Fluid replacement monitoring, effect of dextran overload, norepinephrine drip, and positive pressure ventilation on systemic arterial, right atrial pulmonary wedge and left atrial pressures in dogs, 162

G

- Gallbladder, primary carcinoma of the, 180
- Gallium-67 (⁶⁷Ga) scanning, clinical infections detected by, 897
- Gardner's syndrome, lymphoid polyposis associated with familial polyposis and, 319
report of a family, 198
- Gastrectomy, elective total, for cancer of the stomach: end results, 252
total, influence of, on survival in malignant Zollinger-Ellison tumors, 558
- Gastric injuries, corrosive, surgical management of, 139
- Gastric mucosubstances, histochemical changes in, in patients with acute and chronic ulcer disease, 1
- Gastritis, reflux, surgical management of, 526
- Gastrointestinal tract, carcinoid tumors of the, 720
- Gland, parathyroid, the allografted: evaluation of function in the immunosuppressed host, 805
- Graft(s) coronary bypass, the long term influence of, on myocardial infarction and survival, 439
saphenous vein aortorenal bypass, serial arteriographic study, 469

H

- Hemodialysis, experience with the modified bovine arterial heterograft in peripheral vascular reconstruction and vascular access for, 291
- Hemodilution, acute, its effect on hemodynamics and oxygen transport in anesthetized man, 103
- Hemorrhagic pancreatitis, acute and pseudocyst due to mumps, 85
- Hepatic atrophy, a study of the role of the splanchnic organs in, for the purpose of auxiliary transplantation of the liver, 274
- Hepatic dearterialization, metastatic carcinoid to the liver treated by, 305
- Hepatic resection, a simple technique for: the crush method, 285
major, using vascular isolation and hypothermic perfusion, 644
- Hernia, Spigelian, 836

- Heterograft, modified bovine arterial, in peripheral vascular reconstruction and vascular access for hemodialysis, experience with, 291
- Homotransplantation, renal, a decade follow-up in early cases of, 600
- Histopathology of one-stage bilateral lung allografts, 156
- Hyperalimentation, the role of surgery and, in therapy of gastrointestinal-cutaneous fistulae, 393
- Hyperamylasemia following operation, the nature and significance of, 67
- Hypercalcemia, burn scar carcinoma and, 95
- Hyperlipidemia(s), ten years clinical experience with partial ileal bypass in management of, 384
- Hyperparathyroidism, ulcer disease, metabolic alkalosis; a mechanism of interrelationship, 549
- Hyperplasia, atypical fibromuscular, involving the carotid artery, 136
- Hypertension, management of extra-hepatic portal, in children, 487
- Hypoglycemia and insular hyperplasia: review of 184 cases, 130
- Hypothermic perfusion, major hepatic resection using vascular isolation and, 644
- Hypoxemia, postoperative, in obese patients, 877

I

- Infarction; myocardial, the long term influence of coronary bypass grafts on, 439
- Infections, clinical, detected by ⁶⁷Ga scanning, 897
- visceral, following aortic surgery, 312
- Infection rates, nosocomial, analysis and significance of, 827
- Insular hyperplasia, hypoglycemia and: review of 184 cases, 130
- Insulin, as a portal factor in maintaining the viability of liver, role of, 716

K

- Kidney(s), ischemic, perfused with plasma or plasma substitutes, 780
- resection of suprarenal aortic aneurysm with autotransplantation of the, 823
- transplantation: improvement in patient and graft survival, 29

L

- Liver, canine, effect of portacaval transposition on hepatic blood flow during obstruction to the venous outflow from the, 89
- human, estimation of the functional reserve of, 592
- metastatic carcinoid to the, treated by hepatic dearterialization, 305.
- role of insulin as a portal factor in maintaining the viability of, 716
- specimens, clinical application of cytochrome a(ta₃) assay of, 868
- study of the role of the splanchnic organs in hepatic

atrophy for the purpose of auxiliary transplantation of the, 274

- Lymphedema, chronic, long term evaluation of omental transposition for, 847

M

- Malignancies, primary of the small bowel, 175
- Malnutrition, effect of, on colonic healing, 765
- Melanoma, malignant, BCG immunotherapy of, 635
- malignant, chemotherapy of, with dimethyl triazeno imidazole carboxamide (DTIC) and nitrosourea derivatives (BCNU, CCNU), 167
- Metabolism, amino acid, in acute renal failure, 350
- gastric-mucosal energy, and "stress ulceration," 538
- Methylprednisolone succinate, response to fluid and/or: erythrocyte 2, 3-diphosphoglycerate in endotoxic shock in the subhuman primate, 783
- Mitochondria from liver specimens, clinical application of cytochrome a(ta₃), 868
- MLC stimulation, correlation between, and graft survival in living related and cadaver transplants, 618
- Mumps, acute hemorrhagic pancreatitis and pseudocyst due to, 85

N

- Necrosis, in burns, reversal of capillary stasis and prevention of, 98
- Neoplasm(s), of the small bowel, 157
- Nutrition, postoperative oral and intravenous, 709

O

- Occlusive disease, subclavian artery, axillary-axillary artery bypass for the correction of, 888
- Omental transposition for chronic lymphedema, long term evaluation of, 847
- Organ preservation, analysis of injury in complex, 840
- Organ specificity in hyperacute rejection of canine heart and kidney allografts, 72
- Oxygen-hemoglobin dissociation curve, a technique for estimating the position of the, 364
- Oxyhemoglobulin affinity, increased, after transfusion of stored blood: evidence for circulatory compensation, 760
- Oxyhemoglobin curve, left shifted, in sepsis, 213

P

- Pancreatic secretion, in response to jejunal feeding of elemental diet, 228
- Pancreatitis, chronic, five to twenty years follow-up after surgery for, 185
- Paracorporeal pump, complete left ventricular bypass with a, design and evaluation, 418
- Peritoneo-venous shunting for ascites, 580
- Peritonitis, granulomatous, due to cellulose fibers from disposable surgical fabrics, 831

- Plasma aldosterone concentration, relationship of, to electrolytes and acid-base balance in blood after open cardiac surgery, 203
- Plasma, or plasma substitutes, effect of allopurinol on the preservation of ischemic kidneys perfused with, 780
- Polyposis, lymphoid, associated with familial polyposis and Gardner's syndromes, 319
- Portocaval transposition; effect of, on hepatic blood flow during obstruction to the venous outflow from the canine liver, 89
- Presidential address: professional freedom and governmental control, 377
- Propranolol in the surgical management of thyrotoxicosis, 787
- Protamine sulfate, mechanism responsible for the cardiovascular depressant effect of, 232
- Pseudocyst, acute hemorrhagic pancreatitis and, due to mumps, 85

R

- Rectum, and colon, perforative carcinoma of, 734
- Reflux gastritis, surgical management of, 526
- Reflux, gastroesophageal, evaluation of current operations for the prevention of, 511
- in infants, surgical treatment of, 479
- Regurgitation, management of truncal valvular, 427
- Renal failure, acute, amino acid metabolism: influence of intravenous essential-L-amino acid hyperalimentation therapy, 350
- Renal homotransplantation, a decade followup in early cases of, 600
- Renal transplant recipients, clinical urological correlations in, 623

S

- Scintiphotography ¹³¹I-ortho-iodohippurate, the advantages of, in the management of patients after renal transplantation, 336
- Seminoma, of the testis, gastrocutaneous fistula following radiation therapy for, 323
- Sepsis, left shifted oxyhemoglobin curve in, 213
- Septicemia in surgical patients, fungal, 741
- Shock, and trauma, use of the umbilical vein to study the splanchnic and portal beds in, 110
- endotoxic, in the subhuman primate, erythrocyte 2, 3-diphosphoglycerate in: response to fluid and/or methylprednisolone succinate, 783
- hemorrhagic, chronic tissue insulin resistance following, 402
- in the baboon, extravascular lung water following: comparison between resuscitation with Ringer's lactate and plasmanate, 408
- the role of bile in antral mucosal disruption during, 892
- Shunting, peritoneo-venous, for ascites, 580
- Shunts, selective vs nonselective, the metabolic basis of por-

- tasystemic encephalopathy and the effect of, 573
- Skin transplantation modified by immunosuppressive therapy, treatment of the severely burned child with, 814
- Small bowel, neoplasms of the, 157
- primary malignancies of the, 175
- Splanchnic organs, study of the role of the, in hepatic atrophy for the purpose of auxiliary transplantation of the liver, 274
- Stenosis, critical arterial: a theoretical and experimental solution, 39
- Stomach, cancer of the, elective total gastrectomy, 252
- Stress ulceration, gastric mucosal energy metabolism and, 538
- Surgery, aortic; visceral infection following, 312
- open cardiac, relationship of plasma aldosterone concentration to electrolytes and acid-base balance in blood, 203
- intestinal, effect of preoperative-antibiotic regimen on development of infection after, 567
- use of elemental diets to correct catabolic states prior to, 9

T

- Testis, gastrocutaneous fistula following radiation-therapy for seminoma of the, 323
- Therapy, immunosuppressive, treatment of the severely burned child with skin transplantation method, 814
- Thermal injury, catecholamines: mediator of the hypermetabolic response to, 653
- Thromboembolism and thrombophlebitis: results of a prospective study, 883
- Thrombophlebitis and thromboembolism: results of a prospective study, 883
- Thrombosis, splenic vein, with esophageal varices, a late complication of umbilical vein catheterization, 152
- Thyroglossal ducts, thyroid carcinomas arising in, 799
- Thyrotoxicosis, propranolol in the surgical management of, 787
- Transplant, living related and cadaver, correlation between MLC stimulation and graft survival in, 618
- Transplantation, renal, the advantages of ¹³¹I-ortho-iodohippurate scintiphotography in the management of patients after, 336
- Trauma, cardiac, clinical and experimental correlations of myocardial contusion, 452
- use of the umbilical vein to study the splanchnic and portal beds in shock and, 110
- Tumor(s) carcinoid, of the gastrointestinal tract, 720
- Zollinger-Ellison, the influence of total gastrectomy on survival in malignant, 558

U

- Ulcer disease, histochemical changes in gastric mucosubstances in patients with acute and chronic, 1

- metabolic alkalosis and hyperparathyroidism; a mechanism of interrelationship, 549
- Ulcer, duodenal, a follow-up report of a prospective evaluation of vagotomy-pyloroplasty and vagotomy-antrectomy for treatment of, 259
- Urinary tract refunctionalization after prior diversion in children, 494
- V
- Vagotomy-antrectomy, for treatment of duodenal ulcer, a follow-up report of a prospective evaluation of, 259
- parietal cell, clinical results two to four years after operation, 279
- pyloroplasty, for treatment of duodenal ulcer, a followup report of a prospective evaluation of, 259
- Varices, esophageal, splenic vein thrombosis with; a late complication of umbilical vein catheterization, 152
- Vascular insufficiency, nonocclusive mesenteric, 819
- Vein, umbilical, use of, to study the splanchnic and portal beds in shock and trauma, 110
- Z
- Zollinger-Ellison tumors, malignant, the influence of total gastrectomy on survival in, 558

Burns

When parenteral analgesia is no longer required, Empirin Compound with Codeine usually provides the relief needed.

HERE

Sutures

Empirin Compound with Codeine is effective for visceral as well as soft tissue pain—provides an antitussive bonus in addition to its prompt, predictable analgesia.

prescribing convenience:
up to 5 refills in 6 months, at your discretion (unless restricted by state law); by telephone order in many states.

Empirin Compound with Codeine **No. 3**, codeine phosphate* 32.4 mg. (gr. ½); **No. 4**, codeine phosphate* 64.8 mg. (gr. 1). *Warning—may be habit-forming. Each tablet also contains: aspirin gr. 3½, phenacetin gr. 2½, caffeine gr. ½.
